Part III – Green Practices

Place a 1 next to each of the following if you use this in your classroom

Online File Posting	
Online Quizzes	
Drop Boxes	
Online syllabus	
eBooks	
Duplex Printing	
Total	

If you scored a 3 or more, keep up the good work. But remember, there are always ways to make your course more environmental friendly. However, if you scored a 2 or less, we encourage you to learn more about what you can do to make your course more environmentally friendly by visiting www.intellidemia.com/green.

This completes the green course assessment. We hope you implement a number of the practices included in part III of this form and then reevaluate the course at a future point. Happy greening!
